THE BEATLES™ REVOLUTION LOUNGE

CREATED BY CIRQUE DU SOLEIL™

Upon entering REVOLUTION, guests are wrapped in the words and thoughts of The Beatles inspired lyric wall. Inside, the 5,000-square-foot music ultra lounge pulsates with distinct and innovative light and shadow patterns above the main bar. Adorning the LSD ceiling are 30,000 dichroic crystals that reflect light throughout the lounge.

Inspired by the graffiti at Abbey Road, guests add their own creativity to the ultra-lounge's décor. The electronic surface of the interactive VIP tables uses infrared technology, letting guests create tabletop artwork, which is then projected onto amorphous columns scattered throughout the room. The application of this technology cannot be found anywhere else in the world.

Outside of the ultra lounge, the multi-colored, 10-foot-tall letters spelling REVOLUTION welcome guests and create a staggered boundary for The Abbey Road Bar, which is visible

throughout the casino floor. A full service bar gives guests a small taste of the REVOLUTION experience with its black and white striped floor, reminiscent of the original Abbey Road. The Abbey Road Bar provides a dynamic meeting spot for cocktails and conversation.
